Other important travel info

- a. It is customary within Indonesian airports to use the porter services to help with your surfboards and baggage. Please have small money to tip your porter for his services (approximately Rp. 50,000 or \$5.00 AUD).
- b. Our fully licensed bar offers a great range of beer, spirits, cocktails, soft drinks, smoothies and espresso coffees. Please don't bring your own grog.
- c. Other resort services available at local prices are Internet, surfboard repair, gift shop and full spa services.
- d. Due to the remoteness of our island we **DO NOT HAVE CREDIT CARD** facilities at the resort. All Island bills need to be paid in cash. We do have a money change service for all major currencies.
- e. Any deposit received, confirms that you have read and understood the [Terms & Conditions](#) section of our website. This clearly states that **TRAVEL INSURANCE IS MANDATORY** which **MUST** cover Medical Evacuation and compensation for any lost trip days due to circumstances out of our control such as delayed International, Domestic and scheduled transfer flights, natural disasters, severe weather conditions and political unrest etc.
- f. We recommend Greg and Sue at [Surf Travel Insurance](#) (www.surftravelinsurance.com.au) They specialize in remote resort holidays and they have an evacuation program in place for our region which we have seen in action first hand.
- g. The transfer flight company has a very reliable track record, however if we do encounter any problem with this service we will engage a sea transfer option for you. If there are extreme weather conditions then we will accommodate you at either Resort Latitude Zero or our Padang Home Stay until the next flight or other transfer option becomes available.
