1.5 HOUR SEMINAR  
1.5 CPD POINTS IN THE  
MANAGEMENT STRAND

What are the digital solutions for the 21st century barrister? And what exactly are the problems? And anyway, why should you care?

Technology is changing the practice of law. But how? What are the risks and benefits of contemporary information and communications technology? What differences can be made to your day-to-day life? What do you need to do in order to remain competitive in 5 years' time?

LexisNexis brings you cocktails, canapés and computers—and 2 barristers who conduct paperless practices. Leave this session with an awareness of the opportunities and threats presented by technology, and ideas about how to intelligently integrate technology into your professional life.

**THIS SEMINAR IS OPEN TO MEMBERS OF THE NSW  
BAR ASSOCIATION**

**REGISTRATION IS NOT REQUIRED**
