1.5 HOUR SEMINAR

**1.5 CPD POINTS IN THE
SUBSTANTIVE LAW STRAND**

On 13 October 2015, all Australian telecommunications intermediaries will be required to generate and retain extensive information about the use of their services and the communications which take place on their networks.

Quite apart from significant privacy concerns, there are important issues to do with Legal Professional Privilege which may have the potential to affect all lawyers and their clients.

Join us to learn more about the issues and to explore any concerns by members of the Bar and whether further legislative change may be needed.

Following Michael Green's presentation, Yaseen Shariff of Counsel's Chambers Limited, and Michael on behalf of BarNet, will be available to take any questions or receive any information from members in relation to concerns.

**THIS SEMINAR IS OPEN TO MEMBERS OF THE NSW
BAR ASSOCIATION**

REGISTRATION IS NOT REQUIRED
