Common Room

5.15pm Tuesday

15 July 2014

1.5 HOUR SEMINAR
1.5 CPD POINTS IN THE
MANAGEMENT OR ETHICS
STRAND

Is it ethical to use ... the Cloud? Smartphones? iPads? Dropbox? Evernote? Facebook?

The informed debates about the ethics of lawyers using digital tools, have advocates answering at all parts of the spectrum from “always” to “never.” But informed lawyers agree that there is room for debate only after fundamental safeguards are implemented: the pillars of digital security. Absence of even one pillar may amount to unethical conduct. This seminar will identify those pillars and explain how to implement them in your practice. Bring along your iOS devices (updated to the latest version of iOS 7) and be guided by the speaker to configure your iDevice on the spot.

THIS SEMINAR IS OPEN TO MEMBERS OF THE NSW
BAR ASSOCIATION

REGISTRATION IS NOT REQUIRED
