MANAGEMENT STRAND

You've probably heard the terms Income Protection, Life Insurance, Trauma and TPD insurance being bandied about—but what do these insurances actually protect? And do you need to consider them? This Presentation will:

- Outline the different types and purposes of insurance, including Income Protection, Life Cover, TPD cover and Trauma cover
- Address when you might need these insurances in your career and personal life
- Compare the Barrister's Scheme with other available cover
- Explain how to get the best bang for your Insurance buck
- Provide case studies of how Barristers utilise insurance at different ages and stages of their careers

So, if you're wondering...

- Whether you should look into Insurance or review your current policies
- How, as a Junior Barrister, you can access Income Protection without a history of consistent earnings
- Whether the default insurance in Super funds is any good
- How you can structure your insurance smartly to minimise costs and maximise cash flow

....this presentation is for you!
