Dear Members

Recent Appointments – Board of the Women's Alcohol and Drug Advisory Centre

WBF is delighted to note that Shauna Ross (Ten St James) has been appointed to the Board of Directors of the Women's Alcohol and Drug Advisory Centre Incorporated.

Shauna's appointment fills the vacancy created after Dr Philippa Ryan's (Ten St James) stepped down, having served on the Board for the last 18 months.

The Women's Alcohol and Drug Advisory Centre operates a residential treatment facility and medically supervised detoxification program for women from facilities in Malabar. The facility, known as Jarrah House, is unique in that the women who participate in the program are able to bring their children with them while they receive treatment. Jarrah House is a not for profit organisation and the work done by Jarrah House would not be possible without the hard work and invaluable contribution made by each of the women on the Board of Directors.

Congratulations Shauna on your appointment to the Board, and well done Pip for your service to Jarrah House.
