

# SAVE THE DATE

*2 November 2024*

Participants in the criminal justice system are invited to a one-day workshop on Saturday, 2 November at **Bathurst Court House**, aimed at closing the Bugmy Bar Gap.

## **The Bugmy Bar Gap**

It has been more than 10 years since the High Court recognised that the relevance of an offender's experience of disadvantage during childhood does not diminish over time. Despite Courts, legal practitioners and support agencies working to address the effects of such disadvantage, more can be done.

## **The workshop will:**

- Educate and build a network of connections with all those working for or with offenders.
- Facilitate the sharing of knowledge and experience.
