Premium Economy Class

It starts with a seat. And ends with a smile. In an exclusive, spacious, 2-4-2 cabin, seats are designed with greater width of up to 19.5 inches for your enhanced comfort. Add that to the extra choices and exclusive privileges, brought together by the award-winning service you love. A calf-rest and foot-rest is built right into your seat. For the ultimate snoozing position, just recline and enjoy the 38-inch seat pitch. Built within your seat are two USB ports, a fully adjustable personal reading lamp. Keep everything you need right next to you in dedicated stowage areas for your water bottle, laptop, headphones and other personal items.

Economy Class

More space. Because no one likes to be put in a tight spot. SQ Economy Class seats are designed to give you more personal space. Even if the seat in front of you is reclined. If you want more legroom, you can choose the Extra Legroom Seats with wider seat pitch and located near the exits. It's a comfortable spot to be in.

If you prefer to be among the first in Economy Class to disembark the plane, you can choose our Forward Zone Seats, located closer to the doors.
